

What Our Happy Customers Are Saying About Our Products!

ReNu All Purpose Kleen

We used the Coast Products **All Purpose Kleen** to degrease our galley range guard on a trial basis. It performed very well at cleaning the grease out of the spray nozzles and filter elements.

This is very effective and safe for use in our galley for cleaning the ovens, floors, grills, and deep fat fryer as well. All appropriate MSDS sheets were provided and they fully disclosed all the required information.

Thank you very much and allow us to try it out!

Thanks,

R. Riley
