All Purpose Kleen Cleaner

Good Morning Mr. Garcia,

I want to talk about the NSN# 6850-01-434-4426 **All Purpose Kleen Cleaner** product on the USS RONALD REAGAN (CVN 76). It has been amazing, to say the least.

To have something that can be used in the Gaylords and also used to clean griddles, ovens, and decks (to name a few) is simply amazing. The great thing about this product is that it works!! The fact that it is not as toxic as some other degreasers that we used to clean our ovens, is a great incentive.

To only have one cleaner to do multiple jobs is a great thing. The USS RONALD REAGAN (CVN 76) Food Service Division has really been grateful for the **ALL Purpose Kleen** product and we will continue to use it above any other product.

On behalf of the division, we would like to thank Mr. Garcia for introducing this amazing product to the Reagan.

Very respectfully,

CSCS (SW/AW) Garfield Christie

Supply Dept / S-2 LCPO
